1. Platform and ecosystem analysis

	Platform name	Description	Target group	Focus	Homepage
1	AHKs/IHK	The German Chambers of Commerce Abroad (AHKs) provide global support services to German-based companies wanting to develop and expand their business activities abroad. These institutions represent German business interests in 140 locations in 92 countries. They help with market entry, legal and tax issues, trade fair services, communication, staff, bookkeeping services and other additional services.	Corporations, Mittelstand companies, startups	Trade and expansion	https://www.ahk.de/en/
2	AngelList	AngelList is an international website for startups, investors and job-seekers. Members can apply privately for jobs with startups as well as receiving help investing in a startup.	Investors, startups	Networking, match-making	https://angel.co/
3	BMWi INVEST-Datenbank	The BMWi INVEST-Datenbank is a database set up by the Federal Ministry for Economic Affairs and Energy (BMWi). It is dedicated to helping private investors who are searching for young, innovative companies that are eligible for investment and looking for investors.	Private investors, startups	Database	https://www.bmwi.de/Navigation/DE/InvestDB/INVEST-DB_Liste/investdb.html
4	Bundesverband Deutsche Startups e. V. (German Startups Association)	As a representative and voice of startups in Germany, the German Startups Association (BVDS) is committed to creating a founder-friendly Germany. In consultation with political decision-makers, this network develops proposals that encourage a culture of self-employment and lower the barriers for startups. BVDS connects founders and startups with their business environment, promotes innovative entrepreneurship and carries the startup mentality into society.	Government institutions, corporate members, startups	Germany	https://deutschestartups.org/
5	Bundesverband IT-Mittelstand e. V.	The Federal Association of IT-Mittelstand companies (BITMI) is the largest association of small and medium-sized IT companies in Germany, representing the interests of more than 2,000 corporate members. Membership benefits include products such as BITMI certification or special insurance rates.	Mittelstand companies	Networking, information platform	https://www.bitmi.de/
6	BVMW – Bundesverband mittelständische Wirtschaft, Unternehmerverband Deutschlands e. V.	The BVMW is the largest, voluntarily organized and cross-industry interest group of German Mittelstand companies in Germany. Its aim is to strengthen the competitiveness of companies and thus secure the future viability of German Mittelstand companies. This alliance of small- and medium-sized companies represents their most common economic, social and societal interests, and promotes the social market economy.	Mittelstand companies	Networking, information platform	https://www.bvmw.de/
7	Cologne and Tel Aviv Innovation Summit (Cologne)	The first “Cologne and Tel Aviv Innovation Summit” was held in November 2017. This summit was an initiative by the twin cities to connect innovative technologies and solutions from Tel Aviv to the business industry of Cologne. The objective of the event was to facilitate a meeting between relevant actors of the respective startup ecosystems.	Corporations, Mittelstand companies, startups	Knowledge sharing, networking	https://ratsinformation.stadt-koeln.de/vo0050.asp?_kvonr=72072
8	Crunchbase	Crunchbase provides a software-based solution that supports business decisions through crucial background data. The platform offers insights on industry trends, investments and news about companies from around the world. Their approach to data collection is scalable and is leveraging a strong community of contributors, the largest venture partner network, and inhouse data teams armed with powerful machine learning abilities.	Corporations, investors, startups	Information platform, database	https://www.crunchbase.com/

	Platform name	Description	Target group	Focus	Homepage
9	Deutscher Mittelstandsbund	The German Association for Small and Medium-sized Enterprises offers its members a variety of added value and services, a comprehensive information service for corporate practice and attractive framework agreements with leading corporations. Over many years, it has built up an extensive network that is both economically and politically oriented.	Mittelstand companies	Networking, information platform	https://www.mittelstandsbund.de/
10	Digital International Partnership	This digital partnership between Cologne and SOSA/ Tel Aviv connects leading startups, investors and innovators with strong businesses and industries. It supports innovation by giving business professionals the opportunity to exchange best practices, make industry introductions and scout relevant startups for partnerships and investments.	Corporations, Mittelstand companies, startups	Knowledge sharing, networking	http://dip.cologne/#home
11	DLD	DLD Tel Aviv Innovation festival is an annual conference which brings together companies, startups and investors. Every year, it attracts thousands of guests from around the world.	Corporations, startups	Business conferences	https://www.dldtelaviv.com/
12	EcoMotion	EcoMotion is an Israeli joint venture of the Israel Innovation Institute, the Fuel Choices and Smart Mobility Initiative and the Ministry of Economy and Industry. Its dynamic community consists of more than 600 startups and 8,000 members dedicated to the smart transportation sector. The company provides a common platform for various stakeholders like academics, government officials and automotive industry professionals to share their knowledge, network and collaborate. EcoMotion also organizes tech- and investment-related events.	Corporations, startups	Knowledge sharing	https://www.ecomotion.org.il/
13	F6S	F6S is currently the biggest international platform and community for startups. It offers opportunities for networking with accelerators, funds and investors. It also offers support in the form of free deals from partners, talent searches and exposure to a large audience.	Corporations, startups	Information platform, community	http://www.f6s.com/
14	Founders Foundation	Founded in 2016 by the Bertelsmann Stiftung, Founders Foundation is a project that aims to create a founder-centric ecosystem. The foundation trains, supports and connects startups and (future) entrepreneurial talents within the business region East Westphalia-Lippe during all phases, from financing to maturing.	Mittelstand companies, startups	Training and support for founders, Industry 4.0	https://foundersfoundation.de/
15	German-Israeli Startup Exchange Program (GISEP)	Founded in 2012, GISEP operates as a non-monetary platform initiated by the German Startups Association and supported by the German Federal Ministry for Economic Affairs and Energy (BMWi). The initiative provides opportunities for B2B and B2C networking, to connect German corporations and Mittelstand companies with Israeli startups. The program is currently undergoing reorganization.	Corporations, Mittelstand companies		https://gisep.co/
16	iAngels	iAngels is a platform that allows investors across the globe to invest in Israel's startups alongside top angel investors. The company provides full support in terms of favorable deal terms and accessing exclusive opportunities within Israel. The company claims that its USP is the influence and analytical knowledge guaranteed to its members when they want to invest in startups.	Investors, startups	Funding	https://www.iangels.co/

	Platform name	Description	Target group	Focus	Homepage
17	IVC	IVC (founded in 1997) is a leading business information and data source company focused on the high-tech industry of Israel. It caters to the needs of private equity funds, venture capitalists and startups and boasts a wide range of global clients and service providers. The company also has a premium offering which includes consulting, analytics and custom reporting/research.	Corporations	Business information database and research	https://www.ivc-online.com/
18	Jnext	Jnext is a joint initiative by the Ministry of Jerusalem and Heritage, Jerusalem Development and Jerusalem Municipality. The aim is to develop and promote entrepreneurship and the innovation ecosystem in Jerusalem. Started in 2012, the initiative was supported by government funding totaling \$20 million for the first five years. The budget is expected to be increased to \$100 million for the next five years.	Scale-ups, startups	Scale-ups	http://www.jnext.org.il/
19	JournEY	JournEY is one of Israel's largest annual business conferences. It generally features startup firms, leading corporations from the tech industry, senior corporate executives, financial experts and investors.	Corporations, startups	Business conferences	https://www.journey-israel.com/
20	KamaTech	Established to facilitate the integration of Haredim (ultra-orthodox Jews) into the Israeli high-tech workforce, KamaTech is unique in its field. It consists of two programs: 1. Elite Group: A group of 150 outstanding Haredim who receive guidance, scholarships and intensive support throughout their studies. This involves mentoring, internships, training workshops in cutting-edge technologies, leadership skills, etc. The intention behind it is to promote a group of pioneers who will pave the way for others. 2. Reach Out Program: The goal is to integrate 1,000 young Haredim into the high-tech industry by organizing events, workshops and conferences for them, as well as providing job placement services. The ambition of this program is to cultivate openness and diversity within high-tech culture.	Corporations, startups	Social – Haredim (ultra-orthodox Jews)	https://www.kamatech.org.il/english/
21	KPMG Matchmaker	KPMG Matchmaker helps Mittelstand companies identify the right business partner for their (growth) investment, and with financing or company succession from an extensive list of first-rate buyers and businesses. Thanks to a smart matching process, they connect buyers with sellers.	Mittelstand companies	Matchmaking, trade and expansion	https://atlas.kpmg.de/matchmaker/
22	Mapped in Israel	Mapped in Israel is a content search platform which offers data and reviews about the Israeli high-tech ecosystem. Its data is fully crowdsourced and used by a large number of people across the world for job searches, industry research and funding via the internet, mobile applications, alerts and syndication partners. The website has a highly interactive map for quick navigation and searches.	Corporations, startups	Business information database	https://mappedinisrael.com/
23	NGT3vc	Besides being a venture capital fund, NGT3 is a partnership of European, American and Israeli companies. Each of them share the vision of investing in early-stage technology-based startups with a focus on social topics. This includes early-stage companies working with innovative medical devices and others in the Life Sciences sector. There is also a strong emphasis on encouraging Arab and Jewish entrepreneurship. Furthermore, NGT3 companies are linked to the Israeli government-licensed technological incubator network.	Corporations, startups	Business alliances	http://www.ngt3vc.com

	Platform name	Description	Target group	Focus	Homepage
24	OurCrowd	Headquartered in Jerusalem and founded in 2013, OurCrowd is an equity crowdfunding platform which connects accredited investors and early-stage startups for the purpose of venture capital funding. It has a community of more than 30,000 investors and has branches on four continents. It has a very selective deal flow and offers only good opportunities to its investor community, even investing its own money in every venture. The company also helps its portfolio companies with portfolio development. The company's network includes MNCs, entrepreneurs, investors, venture capital firms and global institutions network.	Investors, startups	Funding	https://www.ourcrowd.com/
25	Peres Center for Peace	Founded in 1996 by the late president of Israel, Shimon Peres, The Peres Center for Peace and Innovation is a non-profit organization based in Tel Aviv-Jaffa. It designs and implements programs in the field of innovation, sports and cultivation of leadership and entrepreneurship, health business and environment. The organization's aim is to nurture innovation in Israel, promote a prosperous Israel and assist peaceful relations between Israeli citizens and their neighbors. It has members throughout the MENA region who connect through online platforms.	Public	Peaceful living, innovation	https://www.peres-center.org/en/
26	PIRATE Summit	PIRATE Summit is a startup conference in Europe for international entrepreneurs, investors and creative workers. Attendees include a mix of young entrepreneurs, experienced CEOs, business angels, executives and international speakers.	Corporations, investors, startups	Conferences	http://piratesummit.com/
27	Propeller Inc	Propeller Inc is an accelerator with a hands-on mentality. Their technologists support startups with product development, the design and the building of their technology. The company also works with young entrepreneurs on their strategies and connects them to the right investors, mentors, future employees and relevant industry stakeholders. Once a startup shows promise of success, the company offers to invest \$150,000. The selected startups are placed in a six-month-long acceleration program in which they always have access to their alumni and mentor networks and office space.	Startups	Technology, product and design startups in Jordan	http://propellerinc.me/
28	she codes;	Founded by Ruth Polachek in 2013, she codes; is an all-female community with the aim of helping women train in software development and enter the high-tech world. Its over 30 branches throughout Israel are mostly run by volunteers. Among others, the organization offers coding courses, career counseling and tech lectures. The courses are offered at all levels (beginners and advanced coders) for a nominal fee.	Mittelstand companies, startups	Training and support for female coders	https://she-codes.org
29	SOSA	SOSA is a global network of tech innovation hubs whose mission is to foster cutting-edge innovation around the globe, build an official global cyber center and connect partners to global sources of innovation. It was founded in 2014 by 25 leading Israeli investors and entrepreneurs and operates out of Tel Aviv and New York. SOSA boasts a network of 150 MNCs and investors and more than 8,500 startups. It deals in industry verticals like fintech, construction tech, HLS tech, cybersecurity and supply chain and logistics.	Corporations, government institutions, startups	Several (fintech, construction tech, HLS tech, cybersecurity, and supply chain and logistics)	https://sosa.co/

	Platform name	Description	Target group	Focus	Homepage
30	Startbase	Startbase, formerly known as VentureZphere, was originally a digital platform launched by Börse Stuttgart Group in 2017. A year and a half later, the group joined forces with the German Startups Association to create added value and the platform was renamed. The vision of Startbase is to build a central platform that helps establish Germany as one of the leading startup ecosystems in the world. By standardizing information and facilitating online discovery, the platform makes it easier for startups to find and connect with investors, corporations and other ecosystem partners from Germany and abroad.	Corporations, Mittelstand companies, startups	Germany	https://startbase.de/
31	Startplatz	Startplatz is a startup incubator and accelerator, as well as a meeting place for the startup scene of the Rhineland in Germany. Both locations, Cologne and Düsseldorf, are home to an ecosystem that offers emerging startups and innovative companies' space to grow, consult and coach, workshops and events, as well as connections to a large network.	Corporations, startups	Cologne, Düsseldorf	https://www.startplatz.de
32	Start-Up Nation Central (+ Start-Up Nation Finder)	Start-Up Nation Central connects companies and countries to the people and technologies in Israel that can solve their challenges. The company has created the platform of Israeli innovators and entrepreneurs, (Start-Up Nation Finder), which provides critical information on more than 6,000 Israeli companies across dozens of industries. The organization provides opportunities for networking with industry experts, startups, academics and MNCs, to inspire collaboration, partnership and growth. The organization is a non-profit organization, funded entirely by philanthropy and focuses on the field of innovation, including agritech, cybersecurity, digital health, Industry 4.0, fintech, and watertech.	Corporations, Mittelstand companies, startups	Several (agritech, cybersecurity, digital health, Industry 4.0, fintech, watertech)	https://www.startupnationcentral.org/
33	Tech Sheva (Tech7)	Tech Sheva or Tech7 was founded as a means to promote the startup and innovation community in Be'er-Sheva and the southern region of Israel. The purpose of Tech7 is to strengthen and develop the tech community, mainly in the city's Gav Yam Technologies park, and to promote the area as a well-known technological leader internationally.	Corporations, Mittelstand companies, startups	Cybersecurity, communication	http://tech7.community/
34	TechCode	TechCode is a China-based organization that integrates global innovation resources and provides start-to-end services to businesses, helping to improve the success and turnover rate of entrepreneurship. The organization offers programs and services within startup acceleration, corporate innovation and regional innovation. Since its foundation, TechCode has established more than 30 incubators and accelerators in seven countries.	Corporations, startups	Training and support	http://www.techcode.com/
35	TechMatch:Israel	TechMatch:Israel creates and builds bridges between German-based corporations seeking sectors to foster innovation and the dynamic Israeli high-tech scene. The company focuses on tech areas such as mobility, cybersecurity, fintech, creative industries, biomed, aerospace, maritime, and retail (e-commerce, fashtech, instore and big data). It concentrates its efforts on Israel as a startup nation because of its leading cybersecurity industry and hundreds of multinational R&D centers looking for innovation.	Corporations, startups	Business alliances, transformation	http://techmatchisrael.com/

	Platform name	Description	Target group	Focus	Homepage
36	TechWadi	The non-profit organization TechWadi has made it its mission to build bridges between Silicon Valley and the MENA region. From its beginnings as a community of top Arab-American technology professionals in Silicon Valley, TechWadi has evolved into a powerful platform for collaboration – with members and events spanning the world. In Silicon Valley, TechWadi brings together technology movers and shakers through conferences, networking events, workshops and mentorship programs. In the MENA region, TechWadi works with leading regional and international organizations to empower high-impact entrepreneurs and help build a sustainable infrastructure to help entrepreneurship thrive and succeed.	Entrepreneurs, startups	MENA entrepreneurs	https://techwadi.org
37	Vintage IP	Vintage Investment Partners is a venture capital firm specializing in late-stage venture, secondary market, co-investments and funds of funds. Focused on secondary fund investments, it seeks to acquire limited partnership interests in Israeli, European and select U.S. venture capital funds, as well as Israeli private equity funds, direct portfolios of Israel-related venture or private equity-backed companies, among others. The company is a portal to a global network of tech companies across Israel, Europe and the United States. It also invests in semiconductors, information and communication technology, software, internet infrastructure and medical device companies.	Scale-ups, startups	Funding	https://www.vintage-ip.com/
